DETAILED ACTION

Information Disclosure Statement

1. The information disclosure statement (IDS) submitted on 13 October 2010 was filed after the mailing date of the Notice of Allowance on 18 August 2010. The submission is in compliance with the provisions of 37 CFR 1.97. Accordingly, the information disclosure statement is being considered by the examiner.

Allowable Subject Matter

2. Claims 1, 4, 5, 7-9, 11, 14-25 and 27-31 are allowed.
3. The following is an examiner's statement of reasons for allowance: The references disclosed in the IDS dated 13 October 2010 have been considered in view of the allowed claims. Neither the Melter nor the Matthai et al. reference disclose an eccentric disc configured to rotate eccentrically in combination with a housing such that the cutting element is exposed beyond the housing for part of the eccentric rotation and the cutting edge of the disc is exposed beyond the end of the bearing block distal to the housing for only a part of the eccentric rotation. Neither the prior art at large nor the prior art of record can remedy the deficiencies of the Melter and Matthai et al. references and thus the claims are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
